REDWOOD CITY
CLIMATE BEST BY GOVERNMENT TEST

Times-Gazette

VOLUME LXXI., NUMBER 16. REDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA. FRIDAY, JULY 11, 1930. ESTABLISHED IN 1859.

State Librarian

CALIFORNIA STATE LIBRARY

LOCAL PAPERS MOVE INTO NEW LOCATION

The Redwood City Standard and the Times-Gazette appear this week for the first time in their new form and from their new plant on Washington street, where thousands of dollars have been invested in order that the people of Redwood City may be given the best semi-weekly news service that can be provided and produced in a Redwood City plant.

The new plant of the Times-Gazette and the Redwood City Standard had been completed this week, and on Tuesday for the first time the Standard was printed on the high speed Goss Comet press, a press capable of printing eight full size pages at one operation and of folding the papers ready for delivery The new plant of the Times-Gazette and Standard, modern in every respect and provided with the finest machinery for newspaper production, ranks among the best plants in the state devoted to the publication of weekly newspapers.

In their new home these two local newspapers will be able to offer to the people of Redwood City and vicinity a service far superior to that heretofore possible with the equipment which has been used.

Among the feaures which are being added are an up-to-the-minute telegraphic service of world news offered through the United Press Association, one of the largest news-gathering organizations in the world with representatives in every large city of the globe. Highlights of world events will be covered by this system for both the Times-Gazette and the Redwood City Standard. An illustrated news-service is also being added, giving pictures of important events, particularly those affecting the Pacific Coast and California.

An editorial page feature which is attracting an unusual amount of favorable comment through the nation is the column of Heywood Broun, noted columnist, "It Seems to Me." This feature has been secured by the publishers of the Times-Gazette and the Standard, and will shortly be made a regular part of both papers.

In addition to these features, a serial story, which has just been released, will be started to run in both the Standard and the Times-Gazette, beginning on the first of August.

It has been the policy of the publishers of these two newspapers to give their readers and the people of Redwood City and its vicinity generally the very best available in newspaper service. And it is in continuation of this policy that the new plant has been erected here, and the new features added to the two papers.

The Times-Gazette, founded in 1859, is the pioneer paper of San Mateo county, and has for 71 years been published in the interest of Redwood City and of San Mateo county; for many years it served the entire needs for news service of all communities from San Francisco to San Jose. The Redwood City Standard, formerly the Redwood City Democrat, was founded here in 1886, and has since that time been laboring for the betterment of this community. Through an agreement made last November, these two papers are now isused to the same subscribers, thus giving the people of Redwood City twice-a-week news service.

In addition to the equipment installed in the new plant for issuing the two newspapers, the plant contains one of the best equipped job printing plants in the county. No pains have been spared in securing the finest equipment for this branch of the establishment, and here any type of printing can be turned out on short notice.

The publishers of the Times-Gazette and the Redwood City Standard invite their friends to an inspection of the new plant at a date to be set later.

Skating Rink Opens In Foresters Hall

A skating rink was started here Tuesday evening in the Foresters hall The opening night saw a big crowd in attendance and all available skates were employed. Additional skates have now been secured and even larger crowds can be accomodated The rink will be open every evening on which the hall is not engaged for dancing.

DAMAGE SUIT FILED AFTER AUTO ACCIDENT

Suit has ben filed in the superior court by Mrs. Elizabeth Pallhe against Pierre Lucq as the result of an acident which is alleged to have occured at Millbrae in July, 1929. The plaintiff charges that, while standing on the nupaved section of the highway at Millbrae on July 27, 1929, she was struck by a car driven by the defendants. She demands $15,000 for injuries which she alleges were received in the accidents. A suit of $1000 damages had also ben instigated by her husband, Joseph Palle against Lucq for loss of his wife's companionship while she was laid up with the injuries.

ATHERTON CAR PUSHED ONTO TRACKS; WRECKED

Thieves Find Car Locked and Try to Roll It Across Tracks in Front of Fast Freight Train

Auto thieves Thursday morning attempted to steal a car which was parked at the Atherton railroad station, but failed to get away with the car due to the sudden aproach of a fast freight train.

The thieves, police believe, found the car and endeavored to get away with it. Finding it locked, however, they tried to push the car across the track and get into the shade of some trees, where they apparently expected to work on the lock at their leisure. The thieves managed to push the car onto the tracks, when a fast freight bore down upon them, and they left the car and ran off.

The freight struck the car, completely demolishing the side of the vehicle. The car was a Ford coupe, owned by T. P. Daylor of Atherton and was parked at the station while the owner was in San Francisco. The car was wrecked at 1:05 Thursday morning by train No. 244.

The police believe that the attempted robbery was made by two or more persons as considerable effort was required to push the car up onto the tracks. Another car which had also been left locked at the station, gave evidence of having been tampered with.

A man captured by Officers Sommers of Atherton, and Dyer of Menlo, was believed to have been implicated in the theft, but proved to the satisfaction of the officers that he had nothing to do with the affair, and was released

Miss Abbott Talks Before Kiwanis

City Planner To Be Speaker At Club Meeting Here Next Wednesday

Miss Pansy Jewett Abbott, county superintendent of schools of this county, gave an interesting talk before the members of the Redwood City Kiwanis Club Wednesday noon at the regular meeting of that organization. Miss Abbott touched on a number of the phases of school life which affect this community; the change from old methods of grading pupils; the system of school finance, and other topics of interest.

The chairman of the meeting was A. C. Argo, superintendent of the Sequoia Union High School district.

Next week a meeting is planned by the Kiwanis Club which will be one of the most important of the year The speaker on this occasion will be Gardner S. Rogers, assistant manager of the civic development department of the United States Chamber of Commerce, recognized as one of the leading authorities of the country in matters of commuuity development. His topic will be city planning.

Rogers is here acting as instructor for a week at the Western School of Commercial Secretaries, being conducted at Stanford University this summer, and as the talk before the local club will be the only one made on his trip west arrangements have been made to have as guests of the club at that time the city councils of San Mateo and Santa Clara counties, the county boards of both counties and the officers and directors of chambers of commerce, city planning commissioners, county planning commissioners of the two counties. The chairman of the meeting will be Henry Witte, president of the Redwood City planning commission.

Shed Burned On Poplar Avenue

The Redwood City fire department was called late Tuesday evening to a fire on Poplar avenue, when a rubbish fire at the home of Mrs. Dinsmore, 26 Poplar avenue, spread to a shed and threatened to destroy the house. The flames razed the shed, but were checked before they had done more serious damage The amount of the damage is estimated at about $200.

We Offer You Congratulations

What is without doubt one of the finest printing establishments of a town of its size in the state, or in fact anywhere, was opened in San Mateo Monday evening, when the San Mateo Times held formal opening of its new plant on Second avenue.

The new plant, representing an investment of about $350,000, is modern in every respect, and far ahead of the needs of San Mateo today. The publisher, Horace Amphlett, has built for the future which he sees for San Mateo and for the peninsula generally, and has equipped his plant to take care of the needs of San Mateo of five or ten years from now.

The opening of the new plant was attended by city and county officials, and newspaper men and citizens, not only of San Mateo county, but from all over the state, aggregating more than 6,000.

In conjunction with its grand opening the San Mateo Times issued a progress addition which is the largest single newspaper ever published in this county, and which is devoted to the progress and development of San Mateo Times and of the county. The edition is a real credit to the city, to the Times, and to its publisher.

The San Mateo Times has seen an almost miraculous growth from a small weekly six years ago to a daily which is today published in one of the finest plants of the state.

The publishers of the Times-Gazette and of the Redwood City Standard join in congratulations to Horace Amphlett and his staff, and wish them success in their new plant, a success worthy of their initiative and effort.

SELBY BARN IN MENLO RAZED BY FIRE

During the week the remaining barn erected on the Selby property in the sixties was wrecked by Assessor D. P. Flynn, who some years ago bought the property on which the barn stood sentinel for so many years. That the structure was substantially built and with material of the finest was evidenced by the splendid preservation of the building. It also showed that the mechanics employed on it were experts as every piece of timber was properly morticed and placed in proper position. Mechanics who razed the building declared the workmanship displayed is not seen on structures erected today.

In one of the mortise beams in the stalls was the following written in bold hand: "James J. Dolan, Redwood City, September 17, 1868."No doubt he was the contractor. No one lives in Redwood City now who knew him.

T. H. Selby was mayor of San Francisco from 1867 to 1869. During his term of office he bought the large Selby holdings at Atherton, erecting a costly dwelling, large stables and out houses. His estate was a show place of the Peninsula. After the death of Mrs. Selby some years ago the vast lands were subdivided when all these structures built at a great cost, were torn down. Selby died in 1875. He was accounted the best mayor the city has ever had. The Atherton and Selby holdings were at one time the largest in the county. The surroundings were known as Fair Oaks but in recent years the name has been changed to Atherton. When the change of names was being considered, both Selby and Atherton were debating but there being a town named Selby across the bay, to avoid confusion the name Atherton was chosen.

Director

Gateano Merola, General Director of the San Francisco Opera Co., who will conduct a program Sunday at the Woodland Theatre.

Mrs. Rodericks Still Free; D. A. Refuses Arrest

Evidence Not Sufficient For Holding Widow of Slain La Honda Rancher

New and startling developments are expected in connection with the shooting of Frank Rodericks, La Honda rancher, whose body was found in a well on his ranch. Will Woodring, former hired man on the Rodericks ranch is now in the county jail here charged with the murder, while he claims that the murder was committed by Mrs. Rodericks, widow of the slain man.

Mrs. Rodericks, although taken into custody by Sheriff McGrath, was released by order of District Attorney Swart and is now at the home of her parents, Mr. and Mrs. Antone Fayal of tehis city.

Deputies in the office of Sheriff McGrath admitted yesterday that other arrests are imminent, but refused to state where suspicion rests. Arrests will be made, it is stated, not only for the murder of the rancher, but for those who took part in what is alleged to have been an organized cattle rustling ring; a ring whose activities are said to have resulted directly or indirectly in the Rodericks murder.

At the inquest held Tuesday at the parlors of Layng & Tinney by Coroner J. C. McGovern, a recommendation was made by the jury that Mrs. Rodericks be taken into custody again and held until she may have proved her innocence of any part in the crime. It was also recommended that Ernest Hildebrandt, a neighbor, be held as a material witness. Mrs. Rodericks was, herself, a witness at the inquest, but refused to testify upon the advice of her attorney, J. J Bullock.

In regard to the recommendation of the coroner's jury and the refusal of Mrs. Rodericks to testify at the inquest, Assistant District Attorney Edmund Scott is quoted in the following statement:

"If new evidence is produced we will issue additional warrants, but we will not take Mrs. Roderick into custody again until we have this evidence. As yet we have no evidence of guilt that would prove her guilty.

"The jury's verdict was no surprise to me. Naturally the jury reacted against Mrs. Roderick when she refused to testify at the inquest.

"As far as her attorney is concerned we have a funny situation. Bullock had at first insisted that Mrs. Roderick be arrested and charged with murder.

"Bullock refused to allow her to testify at the inquest unless she was charged.

"It is the first time I ever heard of any attorney asking that his client be arrested and charged with such a serious crime."

Woodring, who was also called to the stand at the inquest, refused to give any testimony by reason of the fact that he was not represented by an attorney. Woodring was at first represented by Attorney J. J. Bullock, but at the arraignment held Monday in the court of Justice of the Peace Edward I. McAuliffe, Bullock withdrew as attorney in the case as far as Woodring is concerned, but is still attorney for Mrs. Rodericks. On Wednesday Attorney Gilbert Ferrell of this city accepted the responsibility of representing the accused man.

Questioned as to their attitude toward the recommendation of the coroner's jury, Sheriff McGrath's office stated that no action would be taken by the sheriff except upon orders from the district attorney's office, as he wished to do nothing which would conflict with the district attorney's work in solving the mystery of Rodericks' murder.

CELEBRATION PLANNED FOR OPENING OF NEW OCEANSHORE HIGHWAY

Fete Will Be Held Sunday, July 20th At San Francisco Golf Links At Salada Beach Park; County Officials To Participate In Event

Sunday afternoon at 2 o'clock, July 20, at Rockaway Beach, just south of the San Francisco Municipal Golf Course, now under construction at Sharp's Park, Salada Beach, will be celebrated the groundbreaking of the San Pedro Mountain Sector of the Coast Highway.

The actual commencement of the work on this great six-million dollar project will be initiated by appropriate exercises arranged by and participated in by officials and the Board of Supervisors of the City and County of San Francisco, and San Mateo and Santa Cruz counties, and the municipalities of the peninsula.

Supervisor Andrew J. Gallagher of San Francisco, is chairman of the day; Supervisor Manuel Francis of Halfmoon Bay, San Mateo county, honorary chairman; and Supervisor George N. Ley of Felton, Santa Cruz county, vice-chairman.

The press, the city and county officials, and the chambers of commerce of San Francisco, San Mateo and Santa Cruz counties have assured their hearty co-operation in making the big celebration a success from every angle Automobile caravans from San Francisco and the peninsula cities are being arranged for the celebration.

There will be a program of speaking and entertainment. Music will be furnished by the San Francisco Municipal Band under the leadership of Philip H. Sapiro. Picnicing facilities will be provided on the Beach at Rockaway.

The old San Francisco Ocean Shore - Santa Cruz Highway will, under the new project, be shortened to 75 miles from the old distance of 90 miles, and will be of the latest type of highway construction. It will be one of the finest highways, from a scenic and construction standpoint, in the United States. The cost of the undertaking is being borne by the three counties in the proportion of 55% for the City and County of San Francisco, 35% for San Mateo county and 15% for Santa Cruz county.

SHERIFF McGRATH IN TALK TO EXCHANGITES

Club Plans Big Time Tuesday Night When Annual Water Carnival Will Be Held At High School

Members of the Redwood City Exchange Club were given an interesting talk by Sheriff James J. McGrath of this county, who told of some of his experiences with criminals whom he has had confined at the jail here, and also of methods of crime detection and criminal identification. The chairman of the meeting was Emil Hendrickson.

J. R. Fox, a member of the Redwood City Exchange Club, also gave a talk Tuesday evening, describing the construction of the Point Richmond bridge and also the plans for the Golden Gate bridge.

The club members are planning a big time next Tuesday evening, when the club will hold its annual Exchange Water Carnival, given to aid the club in its scholarship fund for the Sequoia Union High School.

The carnival this year, it is planned, will outshine all past events of this character arranged by the local service club. This will be the fifth carnival to be held here and each year has seen a marked improvement on those of years before. The carnival this year is being arranged by James Eva, swimming coach of the Sequoia Union High School and will be attended by members of all Exchange clubs in the district. The carnival will begin at 8 o'clock at the Sequoia swimming tank. Admission to the carnival will be 35 cents. Tickets may be secured from any member of the Exchange Club.

Hotel Guest Leaves Door Open; Robbed

Forty Dollars Taken From Room While Guest Sleeps In Local Hotel

Leaving the door to his room unlocked was rather costly to L. J. Clark, guest at the Hotel Rudolph, Main and Stambaugh streets ,early yesterday morning. Sometime between the hours of 4 and 5 o'clock a burglar entered the room and without disturbing the sleeper extracted $40 from Clark's trouser's pockets. The room adjoining that of Clark was also visited, but when the occupant suddenly awakened the intruder politely apoligized and said he was looking for "Bill."

The theft was reported to Chief of Police C. L. Collins.

FRENCH SPORT FANS USE THE STRONG ARMY WAY

By JOHN WHITE
(United Press Staff Correspondent)

PARIS, July 10 (U.P.)—Whatever else may be said about your supposedly volatile French sports fan, it must be admitted at the outset that he not only knows what he wants but knows how to go about getting it.

A few days ago a well-known jockey received a nice Christmas package which went off in his hands, although fortunately it did not erase him. Along with the hand-made infernal machine was a crisp note having to do with a certain race wherein the jockey had ridden a favorite and come home with the field. The deduction is that the sender had put a little slice of the rent money on the pony.

The incident calls up numerous others, notable among which were the now famous burning of the Vincennes trotting grands and betting cages, the similar sabotage which followed a sour prize fight in the restless town of Marseille, the bomb addressed early in June to the Baronness Robert de Rothschild, which was intercepted by curious postal employees, and plenty of others, Jockeys themselves are able to furnish a neat pile of threatening letters, and three or four have received this year's Christmas packages already, although none but the latest opened his.

One of the most famous or infamous as the case may be, reverting to the Frenchman's letter writing propensities, concerned a rugby match of nearly three years ago. A team from Provence was to meet one from Paris, and the result hung in what is known as the balance. So a young Provencial, waiting to do his bit for the hometown boys, dropped one of the Paris players a line to say that he, the sender, would be on the sidelines, and that if the Paris player uncorked too much stuff he would probably be kicked from the rear or taken for a ride after the contest.

Probably the French are a little too volatile. Still and all, one can't help admiring the effectiveness of their primitive weapons against certain gentlemen who are trying to put the buzz on sports the world over.

Well, Well

(By Pacific & Atlantic)

Anthony H. G. Fokker, airplane master builder, paid a $500 fine to the government for flying without a license. Department of commerce officials, who collected the money, learned that Fokker has been flying around several continents for the past twenty years without a license.

Hillsborough Has Its Own Troubles; Asking For Help

Aid of State Commission Is Asked to Improve The Water Service

Hillsborough faces a water shortage, and wants the state railroad commission to do something about it. A petition has been sent to the railroad commission by Mayor Robert C. Hooker and a committee of Hillsborough citizens asking that the service of the Pacific Water Company be improved.

According to the complaint, the service rendered to the people of Hillsborough by the water company is not so good. In fact it is stated that the service is subject to frequent interruptions, and is frequently missing entirely.

It is suggested that additional wells be driven and that a hook-up be effected with the Spring Valley water system to relieve the situation.

A. S. Blick Heads Promotion Group

At the meeting of the Redwood City Promotion Association held Tuesday evening at the Central School, the president, Philip Owens, turned over the gavel to his successor A. S. Blick. Following the meeting, a banquet was served in honor of the retiring officers, ice cream and cake being served by the social committee. A large number were present for the occasion.

At the meeting of the association of Tuesday evening, July 22, the speaker will be Dave L. Walter. He will speak on the proposed connections with the Bayshore boulevard, and of the Western Pacific. It is expected that the firemen's orchestra will be present and furnish music for that occasion.

Cash Hereafter

PLEASANT RIDGE, Mich., (U.P.)—From now on, all traffic violators will pay their fines in coin of the realm in courts here. When William Hafter was arraigned on a charge of driving while drunk, he was found guilty and fined $125. A friend agreed to pay the fine if a check was acceptable. The check was accepted and a few days later came back again. Payment had been stopped.

Out Of Frying Pan.

GREENFIELD, Mass., (U.P.)—After Louis J. Merz, alleged drunken driver, had escaped from a policeman, he hailed an automobile in quest of a ride. It happened that an occupant of the machine was the policeman from whom Merz had escaped a short time before. Merz was rearrested and in court paid a $100 fine.

Those who have not registered since the first of the year, must do so before July 26 if they wish to vote at the primary election on August 26 Hundreds throughout the county have not registered and will be unable to vote at the primary. Register today and help swell the vote of the county. This apparent laxity in this all-important duty is probably due to carelessness, the voter puting it off until the last moment. Register now, put off this duty no longer.

Commerce Body Urging Use of Local Products

Contractor Asked to Employ Local Workmen On Bayshore Road

Strong efforts to have local products, including cement, and also labor used in the grading and paving of the Bayshore Highway between South San Francisco and Burlingame is being made by the Redwood City Chamber of Commerce. Tuesday of this week, Howard I. Wood, manager of the chamber, addressed the following telegram to Basich Bros. Construction Company, Los Angeles, who that day was awarded the contract for the construction work, which amounts to $402,982, by the Department of Public Works at Sacramento:

"We extend congratulations upon your success in securing Bayshore highway paving contract. This construction job being entirely in San Mateo county, we respectfully ask that you give due consideration to the matter of purchasing local materials, price being equal, and to employment of local labor. We strongly urge consideration of Golden Gate cement, which is manufactured in San Mateo county. This firm is a large taxpayer and employer of labor and very important to our industrial prosperity. We also urge the purchase of your steel from local sources.

"REDWOOD CITY CHAMBER OF COMMERCE
"HOWARD I. WOOD
Manager."

Kinwanis Club Co-operates

The Redwood City Kiwanis Club, through its president, Sam W. Winklebleck, also sent a telegram to the successful bidders for the highway paving work, urging consideration of San Mateo county products and labor, mentioning particularly in the wire the Golden Gate cement manufactured in Redwood City and steel in the mills at South San Francisco.

COUNTY ASSESSMENT TOTALS $70,312,250

The total assessed valuation of San Mateo county for the fiscal year 1930-1931 is $70,312,520, according to the assessment rolls of County Assessor D. P. Flynn submitted to the supervisors this week when they met at noon time as a board of equalization. This amount inculdes $20,650,150 covering assessable stocks, bonds and solvent credits, which will be taxed at the rate of 2 mills under the new tangible law. Added to the total amount is $3,150,600 covering the operative roll of the county, which makes a grand total of $73,463,120. The grand total last year was $70,496,075, or a gain of $2,967,045.

The total valuation of the twelve cities of the county, including the newly incorporated municipality of Belmont, is $22,471,535, and the total valuation of the five townships is $17,190,825. The second township shows quite a decrease on account of the loss of Beresford, which annexed to the City of San Mateo, and of Belmont, which was recently declared legally incorporated by the Supreme Court.

The following is the complete report of County Assessor Flynn, showing the valuations of the cities and townships:

Daly City	$1,594,420
Lawndale	358,915
South San Francisco	2,570,405
San Bruno	1,193,760
Hillsborough	5,740,225
Burlingame	6,058,305
San Mateo	6,450,770
Belmont	542,265
San Carlos	952,765
Redwood City	3,555,570
Atherton	2,579,120
Menlo Park	875,015
Total value of cities	32,471,535
First Township	5,595,355
Second Township	1,985,105
Third Township	6,759,880
Fourth Township	1,795,490
Fifth Township	1,055,005
Total value of townships	17,190,835
Stocks, Bonds and Solvent Credits	20,650,150
Total value of county	70,312,520
Operative Roll	3,150,600
Grand Total	37,463,120

Another Excuse

PROVIDENCE, R. I., (U.P.)—"I was afraid the machine wouldn't start if I stopped it, so I kept right on going," Ricardo Colaluca explained when arrested on a reckless driving charge.

Good Small Towns Not Losing Population.

The report has gone forth, after straggling census figures began to appear, that the larger cities are making gains in population and that the smaller towns show losses since the 1920 census was taken.

But Redwood City residents will not be deceived into believing that it reflects on the ability of the smaller towns to hold their own. The fact is that America gains a good many thousand new citizens each year through immigration, and these all drift into the big cities—and remain there. Then, too, our farms are being cut up and more opportunities offered those who want to make a living from the soil—and it is the town man who most often grabs at this opportunity, not the city man. He still lives in the community even though he is not counted in the town's population.

It is a fact, however that in the east, where small towns are too thick and where they are not progressive, the population is decreasing. This is the result of the universal use of the automobile and improved highways. Also the tendency of the population movement westward. The small towns in the west, where they are not so thick, but are becoming thicker, is increasing, as the census figures show. The population in these towns—especially the new towns—comes from some other source than natural increase it comes largely from towns farther east.

So don't be misled by the census returns. Stop and reason the figures out for yourself. You won't be long in determining, if you are inclined to be skepitical, that the small town and rural population still makes up the biggest part of the country and will continue in the future, as in the past to be the real heart of the nation.

The progressive small towns, the towns that are not too thick, will survive and grow.

The Farmer and Taxes

Much is being said about the farmers living at home and economizing, and that is all true. However, the farmers have to secure in some way a big sum of "cold cash" each year to pay their taxes. They are not allowed to pay taxes in potatoes, corn, cotton, farm produce, etc., but it takes the cash. When the farmers read the heavy expenditures by the state and the extravagant use of their tax money, the farmers feel like raising up in open rebellion. There must be a halt some time.

Farm Relief.

The best farm relief comes to that farmer who owns his farm, with every acre bringing in some kind of revenue. That part of the farm that is not in cultivation, could be turned into a pasture and in that pasture, he should have some cows, some hogs, some sheep or goats, that would be bringing him a revenue while he sleeps.

Regardless of your walk of life, you have influence over someone. If some little chap watches you, idealizes you, make that model live for him. That's a child's impression that does not die.

The Boy Scout motto, to do a good turn, is not such a bad slogan for the motorist to keep in mind in rounding the corners.

When two racing motor cars try to crowd onto an eight-foot highway, going 60 miles per, and swinging from side to side, it usually means a corpse or two, hospital bills and junk heaps. But still they do it.

In fifty years lumber will not be sawed, it will be manufactured. No one will then think of waiting half a century for a forest to grow. Trees will only be cultivated for fruit or shade, or to embellish a landscape. Saw mills will be as scarce as livery stables.

A Kin of Pocohontas

By D. E. O'KEEFE

Charley Curtis, the popular vice-president, has nothing on Mayor James Rolph, the candidate for governor, when it comes to the quality of Indian blood flowing through his veins. Curtis made the campaign two years ago on his Indian ancestry. His forebears belonged to the Kaw tribe. Curtis was proud of his people and made much of his Indian blood during the presidential campaign. Mayor Rolph's Indian ancestry dates back to the days of Pocahontas, the little Indian maiden that saved the neck of Captain John Smith. When she grew to womanhood she married J. Rolfe, a prominent citizen of the colonies. The mayor is a direct descendant of that union, although down through the years the name has slightly changed, the spelling being a little different.

Curtis is the big chief at Washington, and after January 1st, Rolph will be the big chief at Sacramento.

Elect Rolph Governor

The task of choosing a new Governor for California should be one of the easiest which the state electorate has faced in many years.

One is struck with the all-embracing qualifications of Mayor James Rolph, Jr., of San Francisco.

Rolph unquestionably stands head and shoulders over the field candidates, not because he has been mayor of a great city in California for nearly twenty years, which in itself makes him the outstanding figure in the Gubernatorial election, but principally because of his direct intimate knowledge of the needs and problems facing the people of California.

Perhaps no other candidate in the past several generations has entered the lists for the governorship so impregnably armed with FACTS about California, its farming, its commerce, its employments and its sectional needs as Rolph.

There is no section of the state of California that Rolph has not visited many times, sometimes many times in a year, during the contacts been made as an important public official but as a business man, as a farmer, past twenty years. Not only have these as an employe and employer.

Himself the owner of a 4,000-acre ranch raising crops of grains and fruits, Rolph has taken a keen personal interest in farming and farmers. There is no section of California wherein agriculture is a chief activity that Rolph has not visited, carefully checking notes, quietly taking data for both personal and the public interest. He has been the guest at hundreds of county fairs, farmers' institutes and has spoken to thousands of agriculturists, ranchers, vineyardists and growers of every kind, individually and collectively.

Through his knowledge of the shipping business he has come in direct contact with every growing and producing industry in every section of California, from the snow flecked peaks of the north to the broad sunny valleys of the southland. His hand has been in every industry and his voice has been lifeted countless times in the conferences of the state's industrial leaders.

His interests, personal and official, have taken him to factory and farm, north and south, east and west, to village and city all around the state.

In legislative experience he ranks second to none in California. To preside over the activities of a metropolis of the calibre of the city of San Francisco for more than a decade, produces in itself a remarkable executive familiar with every institution in city, town and state government.

Mayor Rolph is logically everybody's candidate in every part of California, beloved in the north as well as the south, encompassing within his vast circle of friends the great majority of those living within the boundary lines of the entire state of California.

The only way you can tell when its the Fourth of July in Chicago is by looking at the calendar.

Hope you hit the first man who calls it the "Forious Glorth."

Many a man who is a good shot in this world hopes he will miss fire in the next.

Humility isn't much of a virtue if you cultivate it because you are afraid to fight.

One of our leading citizens forgot himself day before yesterday and said "disgusted" instead of "regusted."

The man with money to burn has a hot time.

Once the savage in America bit the dust; now he hires an alienist.

PHONE EXTENSION TO HAWAII CONTEMPLATED

Short Wae Station Will Furnish Link To Connect United States With Pacific Isles

As an initial step in its program of extending transoceanic telephone service into the Pacific region, the American Telephone and Telegraph Company has applied for a construction permit to erect a short wave radio telephone station in California, it was announced yesterday.

This station is designed to connect the United States with various countries bordering the Pacific and its island groups as radio telephone stations are equipped in the distant countries.

As the demand for service develops Bell System telephones will be conected with one after another of the Far Eastern nations through a combination of land wires and short wave radio transmission.

As now planned, the first regular service will be provided to the Island of Oahu in the Hawaiian group. By 1932 it is expected that all subscribers of Mutual Telephone Company of Honolulu on that island will be within voice range of United States telephones.

Preliminary arrangements have been made in a series of conferences between Vice-President T. G. Miller of the American Telephone and Telegraph Company and President J. A. Balch of the Mutual Telephone Company, who journeyed to New York for this purpose. The radio station facilities at the Hawaiian end are to be provided by R. C. A. Communications, Incorporated.

Telephone administrations of other countries in the Pacific area have likewise expressed an interest in the proposed service. In time it is probable that direct telephone connections will be established with Australia, Japan and other of the more important Far Eastern nations.

This telephone pioneering into the Pacific region is part of the Bell System's general program of providing telephone connection for its subscribers with all points for which demand warrants the service.

In the original charter of the American Company, granted in 1885, occurs this paragraph:

And it is further declared and certified that the general route of the lines of this association (the American Telephone and Telegraph Company) in addition to those hereinbefore described or designated will connect one or more points in each and every city, town or place in said state and in each and every other of United States and in Canada and Mexico; and each and every of said cities, towns and places is to be connected with each and every other city, town or place in said states and countries; and also by cable and other appropriate means with the rest of the known world.

At that time the longest distance line was 240 miles. There were no telephone cables and the other appropriate means referred to for reaching overseas did not exist. Yet the vision accurately outlined what has happened since.

At present any of the 21,000,000 Bell and Bell-connected telephones in this country may be connected directly with practically all important points in western Europe, in Argentina and Chile, and the city of Montevideo, Uruguay. The radio telephone service also extends to four ocean liners—the Leviathan, Majestic, Olympic and Homeric—while at sea.

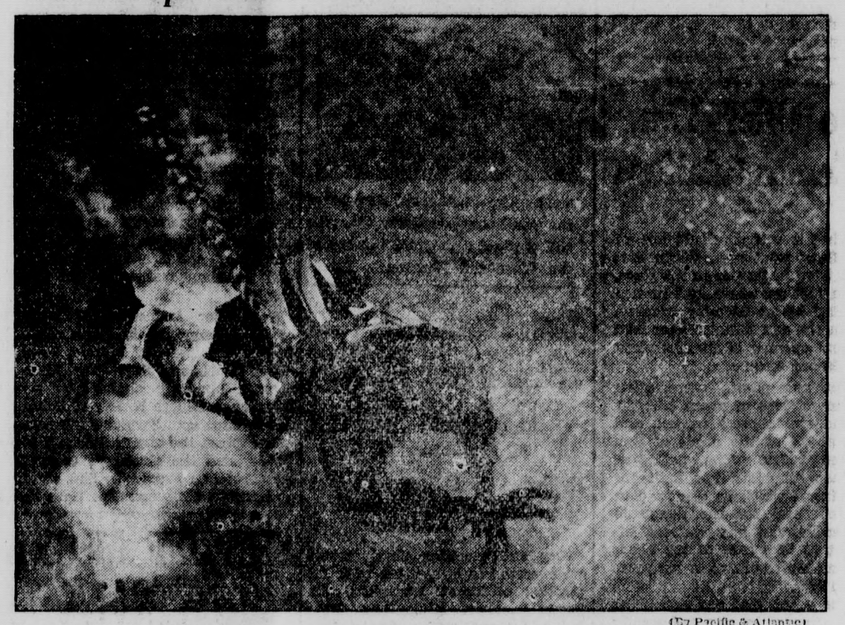
The proposed radio link to Hawaii will extend the talking range from the United States 2100 miles westward. It will make possible a conversation between Honolulu and a point in Maine for example, covering a distance of almost 6000 miles.

For some time past the American Telephone and Telegraph Company and Bell Laboratories engineers have been investigating various sites on the Pacific Coast to determine the best locations for new radio stations. Several possibilities are under consideration and field strength tests are being conducted to select those which prove most suitable for transmitting and receiving stations.

Once the question of location is settled the work of erecting and equipping two stations will go forward rapidly. The construction cost including purchase of land, manufacture of apparatus, erection of buildings and radio towers, and installation of equipment will reach a total of over $1,000,000.

At the outset, the American Telephone and Telegraph Company is planning an installation which will enable the company to give service simultaneously to Hawaii and at least one of the other points in Pacific region.

Girl Leaps Three Miles in Parachute for Record



(By Pacific & Atlantic)

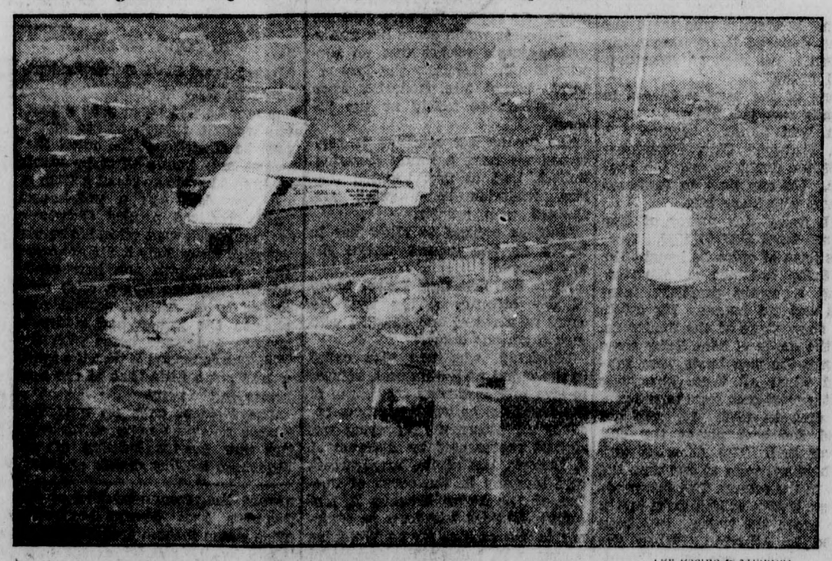
Plunging three miles from plane over Roosevelt field, L. I., Vita Shoemaker, 90 pound New York girl, established new world's record for women parachute jumpers. Remarkable photo above shows Vita just as she left the plane on her record breaking three mile jump. Can you imagine how she must be feeling as her ripcord attached to her parachute is unraveling itself?

Byrd Joins Order of Liberty Bell in Philadelphia

(By Pacific & Atlantic)

Rear Admiral Richard E. Byrd and his heroic antarctic crew were acclaimed by thousands as they paid visit to Philadelphia, where Byrd was in ducted into the Order of Liberty Bell. Above, standing by famous shrine in Independence Hall, Byrd becomes a member of the Order of Liberty Bell. L. to r., Col. C. B. Franklin, Admiral Byrd and W. A. Carr, past commander of the order.

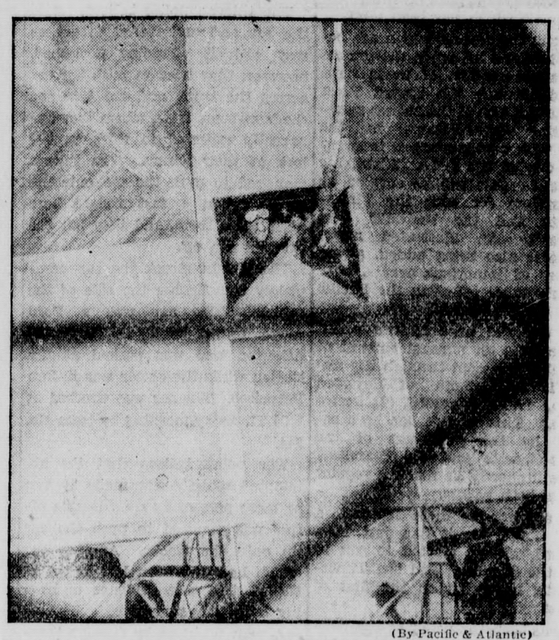
Dale Jackson, in St. Louis Robin, Salutes Hunters



(By Pacific & Atlantic)

Unusual photo above shows the St. Louis Robin, which a year ago established world's record of 420 hours, being piloted by Dale Jackson, who with Forrest O'Brine, made the 420-hour record, flying over the Hunter brothers' plane at Sky Harbor airport, Chicago, in salute to the daring Hunters in the cockpit of the endurance plane. The Hunters intend to remain aloft for another week if they are not grounded by court proceedings

Hunter Brothers in Plane Broadcast



(By Pacific & Atlantic)

Speaking into a microphone dropped on a hundred-foot line from a contact plane, the Hunter brothers broadcast a cheery "Hello" to a listening world as they zoomed in sweeping circles over the Sky Harbor airport in Chicago intent on remaining aloft until at least July 4th. Above photo shows a refueling taking place. Kenneth is signalling to brothers in refuel ship to turn on the gas flow.

Throngs Welcome Jones in New York

(By Pacific & Atlantic)

An embarrassed, reluctant but pleased recpient of a typical, noisy and enthusiastic greeting to those who distinguish themselves was Bobby Jones, king of the links, on his arrival in New York from the scene of his triumphs abroad. Tens of thousands cheered him as he made his way up Broadway to City hall and the mayor's reception. Bobby is shown above, smiling his pleasure to the throngs, amid the rain of ticker tape.

Negotiates Outside Loop

(By Pacific & Atlantic)

Dorothy Hester, (above) 19-year-old Portland, Oregon girl with a years flying experience, holds the unusual record unequaled by any woman and few men. She recently made three outside loops and dove the plane 3,000 feet upside down at a speed of 200 miles an hour and then pulled up and over the top to complete the cut.

Riots Cause of Martial Law at Mexico City Poll

MEXICO CITY, July 6—(UP)—Election riots threw the suburbs of the capital into turmoil today, and resulted in the slaying of one member of the Labor Party and the death of another unidentified man.

Many were injured during clashes which began early this Sabbath morning and continued through the day.

About 20 casualties had been reported this evening, and at least six different encounters were reported.

The fights occurred between Adherents of the Revolutionary and Labor Parties. Troops quickly suppressed the disorder.

The Revolutionary Party officials this evening claimed victory for their entire ticket in the Federal District.

No returns from the States had been received.

MARDID, July 6, (UP)—The Spanish government has requested its Minister in Peiping to make representations to the Chinese government demanding the immediate release of the Rev. Emilio Fernandez, captured by bandits.

Wealthy Aviator Killed In Plunge Into Ocean

LAGUNA BEACH, Calif., July 6, (KP)—Dick Dobbs, prominent Beverly Hills aviator, was killed today when his airplane went into a spin and crashed into the Pacific Ocean two miles from here.

Dobbs was manager of the Aviation Division of the Union Oil Company and manager of the Women's National Air Derby which is to start soon in Long Beach. He was flying from Long Beach to Laguna Beach to interview a prospective entrant at the time of the accident.

LOCAL HAPPENINGS

W. J. Walzberg, recording secretary of the Redwood City Promotion Association, is in Sacramento, where he will spend three weeks at the traffic officers' instruction school. Walzberg was recently appointed to a position on the county traffic a position on the county traffic squad.

Mr. and Mrs. F. W. Harden of Birch street have returned from Oregon where they spent their vacation. They motored up the Redwood Highway and spent some time at Crater Lake.

Mr. and Mrs. Lester Prior of Durliston Road returned from a house party which they gave at their summer some on the San Lorenzo river at Ben Lomond. Among their guests were Mr. and Mrs. Walter Kellogg and Mrs. Agnes Page.

Mr. J. V. Swift is leaving today for a month's vacation in the Santa Cruz mountains. He will visit at the summer home of his son-in-law and daughter, Dr. and Mrs. J. J. McCormick. The house is very attractively situated on the banks of Soquel creek, with steps leading down to the water's edge.

Postmaster and Mrs. Carl K. Mabie and family are enjoying a vacation of two weeks at Jackson Meadows, Sierra county. On the way up there, they stopped over night at Lake Tahoe. Mr. Mabie expects to spend a big portion of his time fishing.

Mr. Charles Piglia and two daughters, Eleanor and Delphine of Los Angeles, are the guests of Mr. and Mrs. R. Thorn on Roosevelt avenue. They expect to remain here for about two weeks.

Mr. and Mrs. C. L. Farwell, uncle and aunt of Mr. Lester Prior, and Miss Gertrude Farwell of San Diego have been visiting at the Prior home on Durlston Road for the past few days. They left yesterday for a trip to the Yosemite Valley.

The booster committee of Bay View Lodge of Odd Fellows will hold a dance tomorrow evening in the Odd Fellows hall. Music will be supplied by O'Connor's orchestra. A. P .Whitehead is chairman of the committee in charge.

Mr. and Mrs. Robert L. Barron, Ruby Barron, Faythe Barron and Mable Florell Filer, all prominent residents of Los Angeles, are here on a short visit to their uncle, W. L. Miller, the popular mayor of Five Points.

Dr. P. L. McAloney, a retired physician from New Orleans, Louisiana, and Mrs. McAloney, have rented a home at 1234 Whipple avenue, and will spend some time enjoying the Redwood City climate and the delights of San Mateo county.

William O'Brien, who was baggage clerk for the Southern Pacific here 20 years ago, was calling on old friends around town on Wednesday. He now lives in San Francisco.

Miss Elsie Thorn, Miss Mura Stilleson and the Misses Esther and Ahla Johnson, were among the Redwood people who enjoyed the Fourth in the Big Basin.

Mrs. Leman Bostwick spent the day in Napa Thursday, visiting her mother, Mrs. M. E.Harren. Mrs. Harren has been in poor health for some time but now is much improved.

The many friends of Mrs. Colin L. Stokes of Arlington Road will be pleased to know she has fully recovered from her illness which confined her to her bed so many months, and is now able to be out again.

Dr. N. C. Cummings and Mr. Otis M. Carrington left on a fishing trip up the Eel River, in the vicinity of Eureka, Thursday evening. Both men are enthusiastic fishermen and expect to catch the limit. They will return Monday evening.

Mr. and Mrs. A. Carolla, Sr., Frank and Tom Carolla, all of San Francisco, were guests of Mr. and Mrs. Harry Jamieson at their home on Chestnut street over the week end.

Mr. and Mrs. Edward T. Harrison entertained at a buffet supper Sunday evening at their home in Woodside, when Mr. and Mrs. Donald McCoy of Los Angeles were the honored guests. Mrs. McCoy is the daughter of Mr. and Mrs. Douglas McBryde of Woodside.

Mr. and Mrs. John Jules Lutge of Arlington Road, have returned from a short vacation in Los Angeles. The trip was made by boat.

Mr. and Mrs. W. Bruce and young son, and Mrs. Deeman of 146 Birch street, enjoyed an auto trip to Sacramento over the week end.

Miss Marguerite Cussen is spending a week in Burlingame as the guest of Miss Frances White.

(By Pacific & Atlantic)

Ogden L. Mills (above), under secretary of the U. S. treasury is enroute to Paris, France, on what well informed French sources believe to be an important economic mission for President Hoover. He is expected to inquire into the reaction abroad incident to the passage of the American tariff.

Letters were received this week from Mr. and Mrs. Americo Rossi, telling of their arrival at Hamburg, Germany. The Redwood couple left here the latter part of May for a three months' tour of Europe. They will visit in Germany for several weeks, where Mrs. Rossi's mother and sister reside, and plan touring France, Italy, Switzerland and other countries. They will spend some time in Rome, visiting with Mr. Rossi's relatives.

Mrs. T. E. Fowler has returned from Portland where she spent the past two months visiting Mrs. G. T. O'Sullivan, her sister. Mr. Fowler was in the east and on his way back to the coast, stopped over at Portland and accompanied his wife back to Redwood City. Mrs. Fowler is the mother fo Mrs. Al Brown, the popular deputy county clerk.

Joe Rodriguez, who resides at 900 Arguello street, suffered a yellow jacket sting while working at Burlingame Tuesday. His face and throat have since become badly swollen, making it impossible for him to take nourishment, except in liquid form. While his condition is painful he is not believed to be in danger.

Mrs. Eva Brush and her pretty daughter, Mrs. M. Burnett, from Boston, are here visiting Mrs. L. B. Winiger and her mother, Mrs Mary Hamill at 335 Washington street. Mrs. Brush is a sister of the latter. The visitors are delighted with Redwood City. They enjoy the cool climate and sunshine of the peninsula.

Assistant District Attorney Richard Bell, Justice of the Peace Edward I. McAuliffe and Sergeant Stanley Wood of the Redwood City Police Department, left yesterday on a four day fishing trip to Eureka Lake, near Blairsden, in Plumas county.

County Recorder and Mrs. T. C. Rice enjoyed the holidays at Santa Cruz.

He Cut The Fine

LAWRENCE, Mass., (U.P.)—Napoleon Gingrass has been fined $100 for bootlegging. "Have you any children?" casually inquired the court. "Twenty-one," smiled the defendant. "Make that fine $25," ordered the judge.

Turtle Returns

GREAT BARRINGTON, Mass., (U.P.)—Back in 1906, Malcolm Porter carved his initials on the shell of a turtle. Since then the turtle has appeared once each year on the lawn of the Porter home. Recently it made its 24th annual appearance.

Amos 'n' Andy Twins

NEWBERRY, S. C., (U.P.)—When twins were born to Mr. and Mrs. Roger Renwick they were named Amos Jones and Andy Brown, honoring two popular radio comedians.

Shortridge Talks Against Filipino Help Importation

The Congressional Record of recent date contains the able address of Senator Samuel M. Shortridge on the exclusion of Filipino laborers from the United States. The senator spoke on behalf of his own bill that was up for passage before the senate. Shortridge delivered a very able argument showing the reason why the Filipino should be excluded from the shores of the Pacific. We regret that the lack of space prevents us from publishing the speech in full. Among other things the senator declared:

"We have our problem, which is a social, which is a political and which is an economic problem.

"The gravity of the economic problem is manifest. All the laboring people of my State, for reasons easily understood and sound, are opposed to the further coming of Phillippine laborers into continental United States.

"If I were a Mussolini and had the power which is imputed to him, I would close the door of the Pacific and lock it taday against the further coming of this type of Asiatic labor. And this I should do, not in anger or with hatred, but primarily for the economic benefit of our own people. Ultimately the exclusion of this type of laborers would be of equal, if not greater, benefit to the Philippines.

"Whatever the Philipino commissioners may tell us, there are thoughtful Filipino gentlemen in this city who favor the stopping of the migration of Philippine laborers to the United States. They look forward hopefully to early independence, and they wish to develop their own country, ecnomically and in every other way; and they think it would be good policy to keep their people at home.

"I said a while ago that if we had not stopped Chinese immigration there would be millions of them in the United States today. If we had not stopped Japanese immigration, there would be millions of them here today. If we do not stop Philippine migration, there will be hundreds of thousands and millions of them here, because even as in the old days all roads led to Rome, so now all roads by land or sea, lead to America and all men who toil, who suffer, who labor hard are hoping to come to America. Whether it be from Czechoslovakia, or Poland or Greece or Italy, or other European or Asiatic country, they yearn to come to America. The Filipinos want to come and they are coming in rapidly increasing numbers. I do not want them to arrive. I want the door closed. Why delay."

Upper left: Leo, Metro-Goldwyn-Mayer trade-mark lion; *center:* Leo in his palatial motorized traveling cage in which he is now touring the world.

Society

On Wednesday afternoon, the girls of the Graduating Class of 1930, of Mt. Carmel School, tendered a lovely surprise to Miss CleliaRoveta, who is leaving with her mother on Friday evening for a year's tour of Italy and France. The afternoon was pleasantly spent with games, dancing and singing, after which a delicious repast was served.

Miss Roveta was presented with a lovely Bon Voyage gift by the class, the presentation being made by Miss Inez Jamieson ,who acted as toastmistress.

The young ladies present were the Misses Helen Donelly, Grace Maloney, Lorraine Brannan, Alleen Collins, Linda Malvino, Inez Jamieson, June Ziemer, Marjorie Hiery, Nooma Degiovani, Constance Cahill, Mary Donovan, Betty Murphy and Virginia Sullivan.

Mr. and Mrs. Howard E. Warner of Warwick street, were hosts at a supper party last night to a number of friends, honoring Mr. and Mrs. Fred C. Kuhn of Los Angeles. Their guests were Mr. and Mrs. Fred C. Kuhn, Mr. and Mrs. William J. Dusel, Mr. and Mrs. Caswell Swett, Mr. and Mrs. Owen Van Duyn, and Mr. and Mrs. Philip Forsyth.

After supper, bridge was played for several hours.

Mrs. Mrs. F. P. Manley and two children, Clarence and Eva Lou of Redlands, have been guests at the Clarence Argo home on Hudson street for two weeks. Wednesday evening, Mrs. Argo entertained a group of ladies, honoring Mrs. Manley . Those present were, the Mesdames N. C. Cummings, B. E. Myers, Ben Zimmerman, John Gill, Willis Frost, F. P. Manley, Jean Lawson, Miss Cleone Cummings.

.... Woodside ....

Mr. and Mrs. Daniel C. Jackling celebrated their return to Woodside with a large Fourth of July party at their beautiful place here. About sixty young people were invited for the afternoon. Games and daylight fireworks occupied the time until supper was served in the large patio of the home. In the evening over two hundred other invited guests arrived to view the fireworks display. Colored lights burned in the distance under the great oaks giving the impression of an encampment in Sherwood Forest and made one rather envy Robin Hood and his merrie men.

The fireworks were exhibited on the opposite side of the swimming pool from the spectators so that the lights in the sky were repeated again in the waters of the pool. After the display there was dancing and refreshments to close a memorable day.

There were other parties too in Woodside on the Fourth. Mrs. Henry MacArthur entertained forty of her friends from Palo Alto at an evening picnic at her summer home among the redwoods and Mr. James Huddart and his sister, Miss May Huddart entertained an equal number of their friends from Berkeley.

A farewell party was tendered to Mrs. Otis Dudley on Wednesday at the home of Mrs. John D. Gish by the Parent-Teacher Association and the Woodside Girl Scouts. Mrs. Dudley has been one of the most active members of the P.-T. A. and a Scout Leader for the Girl Scouts and her place in the community will be hard to fill. There were tears on all sides as a little gift in token of their apreciation was presented by Mrs. D. B. Ralston on behalf of the two organiations. The Dudleys are the kind of citizens that we are loth to lose.

Rev. Benjamin St. John who has been absent on his vacation for the past six weeks is expected to return about the sixteenth. In the meantime his pulpit is being supplied by Rev. Mr. Dodge of Palo Alto.

The theater building begun some time ago on the Whittell place is nearing completion. It will be the first private theatre in Woodside, although Herman Wobber has a projection hall where many new films are given a showing.

The Woodside Fire Department responded to eleven calls during the month of June.

Famous "Leo" of Screen Fame To Come Here

What is no doubt the best known animal in the world is on his way to this city to visit the thousands of motion picture fans who have seen him hundreds of times on theatre screens. This animal is Leo, the Metro-Goldwyn-Mayer Lion, who has become world-known as the trade-mark of the motion picture company on whose films he appears.

Leo has undertaken this unprecedented world tour in response to the demands of his millions of admirers who want to meet him in person. In each city in which he stops he will make a tour of the town in his magnificent motorized caravan which will terminate before the outstanding picture theatre where Leo will perform a few of the antics that he has been called upon to do in his screen career. At the conclusion of an East to West and West to East tour of the United States Leo will sail for Europe where millions of motion picture fans are just as anxious to meet him as they are in this country. During his travels which will take him completely around the globe, he will visit Europe, Asia, Africa, Australia and South America.

It is expected that all the interesting and important personalities in the country visited will pay a personal call on Leo and inspect the highly interesting equipment which comprises Leo's entaurage. Kings and queens, presidents and mayors are as enthusiastic over the prospects o fhis visit as are the movie fans ofour own city.

In addition to the fact that Leo is so well known, another note of interest is to be found in the unique motorized caravan which has been especially designed for the purpose of this trip. The particular motor car in which Leo has his cage home is a combination of the most elaborate art and the last word in scientific construction. Its size alone is impressive, being 24 feet long over all. In the splendor of its decoration of red and gold it eclipses by far the most magnificent circus wagon ever imagined.

Another spectacular unit of the caravan is the elaborate motor car which transports the caliope to play the music which Leo likes best. Here again the artists and the scient have combined their skill to make it the finest vehicle ever produced. Leo's advance agent, who travels two weeks in advance of Leo, is similarly equipped with a distinctive automobile.

In appreciation of Leo's important role in the motion picture world, he has been most appropriately termed "the greatest star on the screen" in spite of the fact he is introducing to the picture audience today what is said to be the greatest list of stars ever assembled by one company. Among the many popular favorites who are now making their appearance in various pictures following the footage in which Leo characters the picture as a Metro-Goldwyn-Mayer production are John Gilbert, Gerta Garbo, William Haines, Marion Davies, Lon Chaney, Buster Keaton, Lionel Barrymore, Karl Dane, Geo. K. Arthur, Lew Cody, Aileen Pringle, Ramon Navarro and Tim McCoy. There is scarcely a star in moton pictures today who has not at some time or another made an appearance following an introduction by Leo. Motion picture audiences will no doubt recall as well several outstanding motion pictures which have been sponsored by Leo such as "The Big Parade," "Ben Hur," "The Merry Widow," "The Student Prince," "The Broadway Melody," "Hollywood Review" and others. In this city Leo will sponsor the great production, "The Richest Man In the World," playing Monday and Tuesday, July 14 and 15. At the Sequoia Theatre.

Announcement.....

We take pleasure in announcing that we are now located in our new plant at

221 Washington Street

opposite the City Hall

where the TIMES-GAZETTE and the REDWOOD CITY STANDARD are now being published under one organization.

A large Goss-Comet press and other machinery and equipment have been installed to insure the public of one of the most modern and up-to-date newspaper and job printing plants on the Peninsula.

Our New Phone Numbers are 1640-1641

NOTICE OF APPLICATION TO APPROPRIATE WATER

Application 6607

NOTICE IS HEREBY GIVEN, That The Board of Trustees of the Leland Stanford Junior University, Stanford University, California, has under the date of March 20, 1930, applied to the Division of Water Resources, Department of Public Works, State of California, for a permit to appropriate unappropriated water, subject to existing rights.

Description of Project

Water to be appropriated from
San Francisquito Creek tributary to San Francisco Bay.
County of
San Mateo.
Amount applied or:
Direct diversion: 30 cubic feet per second.
Diversion to storage: 5300 acre feet per annum.
Diversion season named:
Direct diversion: January 1st to December 31st of each season.
Diversion to storage: November 1st to June 1st of each season.
Water to be used for
Irrigation purposes.
Point of diversion within
SE¼ of SW¼ of Section 17, T. 6 S., R. 3 W., M.D.B. & M.
Place of use described:
8421.4 acres on the campus of Leland Stanford Junior University, all as shown on maps on file in the office of the Division of Water Resources.

Relative to Protests

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permit shall within 60 days from date hereof, file with the Division of Water Resources, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2). The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of such land or place of use of the point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

SUMMONS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

CLIFFORD SWANSON,
Plaintiff
vs.
LILLIAN G. SWANSON,
Defendant

No. 17476

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

CARL W. ANDERSON, Burlingame, Calif., Attorney for Plaintiff.

The People of the State of California Send Greetings to:
LILLIAN G. SWANSON,
Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 7th day of May, A. D. 1930.

ELIZABETH M. KNEESE,
(SEAL) Clerk.

NOTICE OF SHERIFF'S SALE
No. 213743

In the Superior Court of the State of California, in and for the City and County of San Francisco.
KATHERINE ROHRS,
Plaintiff
vs.
JOHN GAINFORT,
Defendant

Under and by virtue of an execution issued out of the Superior Court of the State of California, in and for the City and County of San Francisco, on the 17th day of June, A. D. 1930, in the above entitled action wherein Katherine Rohrs, the above named plaintiff on the 10th day of June, 1930, recovered a judgment against John Gainfort, the above named defendant for the sum of Two Thousand, One Hundred Sixty-seven and 00-100 ($2167.00) Dollars damages with interest thereon from the date thereof at the rate of seven percent per annum till paid, together with costs and disbursements at the date of said judgment, as appears to us of record;

AND WHEREAS, The Judgment Roll in the action in which said Judgment was entered is filed in the Clerk's office of said Court in the City and County of San Francisco, and the said Judgment was docketed in said Clerk's office in the City and County of San Francisco, on the day and year first above written.

And the sum of Two Thousand, One Hundred Sixty-seven ($2167.00) Dollars with interest thereon, as aforesaid is now (at the date of this writ) actually due on said judgment.

I am commanded to sell all those certain lots, pieces or parcels of land situate and being in the Third Township, County of San Mateo, State of California, and more particularly described as follows, to-wit:

PARCEL NO. 1. A portion of Lot numbered 13 in Block lettered "D" as shown on that certain map entitled "Paraiso Park, San Mateo County, California," filed in the office of the County Recorder of San Mateo County, November 15, 1921, in Book 10 of maps at pages 50 and 51 thereof, and more particularly described as follows:

COMMENCING at the most easterly corner of Lot numbered 13, running thence on and along the northeasterly boundary line of said Lot 13, 88.29 feet; thence south 33 degrees 26 minutes W 96.68 feet, more or less, to the northeasterly boundary line of that certain parcel of land conveyed by Annie B. Commary and W. T. Commary, her husband, to Helen Commary Lahey, dated October 26, 1922, and recorded October 30, 1922, in Book 57 of Official Records, page 6; thence southeasterly on and along said northeasterly boundary of the land so described to Lahey, 88.29 feet to the Southeast boundary line of Lot 13; thence North 33 degrees 26 minutes East on and along said southeast boundary line of Lot 13, 96.68 feet to the point of commencement.

PARCEL NO. 2. BEGINNING at the point of intersection of the dividing line between Lots 13 and 15 with the northeasterly line of Johnson Avenue as shown on the map hereinafter described; running thence northeast along the southeast line of Lot 13, 150 feet; thence at right angles northwest 88.29 feet; thence at right angles southwest 26.66 feet; thence at right angles southeast 73.29 feet; thence at right angles southwest 123.34 feet to a point in the northeast line of Johnson Avenue; thence southeast along said line of Johnson Avenue 15 feet to the point of beginning.

BEING a portion of Lot No. 13, Block "D" as shown on that certain map entitled "Paraiso Park, San Mateo County, California," filed in the office of the County Recorder of San Mateo County, November 15, 1921, in Book 10 of Maps at pages 50 and 51 thereof.

Public Notice is hereby given that on Tuesday the 29th day of July, 1930, at the hour of 11:00 a. m. of that day at the front door of the County Court House in the City of Redwood City, County of San Mateo, State of California, I will sell all the right, title and interest of John Gainfort, the above named defendant, in and to the above described real property at public auction for cash in lawful money of the United States of America, to the highest and best bidder to satisfy said judgment and all costs.

Dated at Redwood City, July 3rd, 1930.

50 Years . Ago .

Times-Gazette, July 10, 1880

William Joseph and James Curtis Murray were registered as voters upon the great register of this county on Thursday. They are twin sons of John and Mary Murray of Menlo Park, and were born in that borough on the 29th of June 1859. They were christened on July 4, of that year. They are reputed to be the first twins born in this county, as they are certainly the first to attain their majority and assume the duties of citizenship.

The enumerator of Santa Clara reports the population of the township to be 2,372. Of these 602 are Chinese. The population of Marysville is 4,500, twenty per cent of which consists of Chinese.

The seating erected in front of the American House lot for use on the Fourth of July, has been secured by a committee of public spirited citizens, and will be retained in its present position for use of political meetings throughout the presidential campaign. It will be available for the use of all parties impartially,—first come, first served.

The railroad company has replied to a petition numerously signed by business men, public officials, and citizens of this place, respectfully asking that the through Monterey trains may stop at the Redwood station, curtly declining compliance. This is what might have been expected. The railroad company has no favors to show the people of this county.

The 104th anniversary of American independence as duly and fittingly celebrated in Redwood City on Monday last, and attracted a much larger gathering of friends from the surrounding country than has heretofore been the case. There was a noticeable absence of noisy demonstrations, but a good deal of quiet and sensible pleasure, enjoyed by all who sought it. The procession was a great improvement over that of a year ago, yet scarcely sufficiently imposing to justify the labor and expense devoted to it. Our community is palpably deficient in the elements necessary for essential to a first-class procession. The Fire Company turned out with full ranks and with their machinery handsomely decorated; a very creditable car of state was rigged up and filled with bright little girls neatly dressed in white; citizens in carriages, wagons and buggies and on horseback extended the line to a couple of blocks, and that was all there was to it.

The ball at the Germania Hall in the evening was a complete success, both in point of attendance and the general good order that prevailed. But two fights were reported and they were not serious. In the main everybody was happy and sought to make everyone else happy. So may it ever be on the return of this ever-glorious anniversary.

Finds Lonely Alligator

WEATHERSFIELD, Conn, July 9 —(UP)—Mrs. Howard Rozelle was astonished to step on a baby alligator when she descended from the porch of her home here. Neighbors were unable to account for the presence of the reptile so far from his native habitat.

Woodland Theatre To Feature Opera Numbers Sunday

A program that will differ radically from the usual orchestral concerts given in the open air Woodland Theatre at Hillsborough will be presented Sunday afternoon summer concerts presented by the Philharmonic Society.

Gaetano Merola, general director of the San Francisco and Los Angeles Opera Companies who is well known to thousands of opera patrons on the Pacific Coast, is to be the guest conductor and an afternoon of music for the most part agreeably familiar will be offered for the entertainment and pleasure of the Woodand audience.

Complying with numerous requests, Merola has arranged a program that includes a generous number of operatic selections which are certain to meet with the enthusiastic aproval of his audience, in addition to several works which will be given their first hearing at these concerts.

The program will open with the favorite and ever popular Overture to the Thomas opera "Mignon," and the Number 1 Suite from Bizet's "Carmen" which includes several of the well known themes of the opera will be pleasingly familiar. An intermezzo from "The Jewels of the Madonna" and the Introduction from Rimsky-Korsakoff's picturesque pantomime opera "Le Coq d' Or" will add interesting variety to the program.

Of unusual interest will be an excerpt from the opera "Fah Yen Fah" written by two San Franciscans, Joseph Redding and Templeton Crocker, which was produced in San Francisco some years ago. The opportunity of hearing once more some of the colorful music of this Chinese opera, rich in oriental themes, will be welcomed both by those who were intrigued by the beauty of the opera and also those who will be hearing it for the first time. Wagner's noble and inspiring overture to "Tannhauser" will fittingly climax this operatic program.

A suite for orchestra by the French composer, Rameau, and the "Procession Nocturne" by another French man, will add further novelty to this unusual program.

His Job Is Aiding Eels

NEWCASTLE - EMLYN, Eng., July 10 —(UP) —To the many strange jobs in the world, add the one of J. Morgan Rees, a fisherman.

He helps young eels over a waterfall at Cenarth. During May and June millions of elvers enter the river Teify from the breeding grounds in the Atlantic and all goes well until they encounter the barrier of Cenarth falls.

Here is where Rees' job begins and ends. He weaves ropes of long grasses and reeds and hangs them over the projecting rocks near the bank. The elvers swarm up the ropes and enter the calm waters and Rees' job is done.

CERTIFICATE UNDER SECTION 2466 OF THE CIVIL CODE OF CALIFORNIA.

Menlo Park

Native Sons and Native Daughters To Picnic Sunday

The joint picnic of the Native Sons and Native Daughters of Menlo Park to take place Sunday next at the New Portola Park promises to be a complete success. The outing is to be an old fashioned basket picnic affair, similar to the gatherings that used to take place thirty years ago when young and old entered into the spirit of the occasion, making these outings affairs of real enjoyment. The same spirit will prevail next Sunday. There will be dancing, games, racing for both old and young and in the afternoon a baseball game between the celebrated Morey teams that will batle for the valuable trophy offered the winning nine by George A. Kneese and Mrs. Elizabeth M. Kneese. The contest is to be well worth seeing. A short program of speech making will be enjoyed. All the parlors of the bay region will send representatives to the picnic. Grand Trustee Samuel M. Shortridge will be present together with other grand officers. To miss this outing will be relinquishing of a day of joy and merriment.

To Vacation In Yosemite Valley Next Week

D. E. O'Keefe and danghter, Carmel O'Keefe, will leave next week for a stay in the Yosemite Valley and on their return will go to Los Angeles for an extended tour of the south.

There was a full membership at the city council meeting last Thursday evening.

Treasurer Ryan sent a communication to the council asking for legal authorization in paying the warrant issued to George A. Kneese for $1800 at the last meeting. City Attorney Whitworth said that the 1911 act provided for the payment of such claims where the streete work was abandoned. The treasurer was ordered to pay the warrant.

Mayor Weeden reported that Harry Morey was to report to him on Monday the cost of filling the chuck holes in the main streets and that he would report the price to the council.

City Attorney Whitworth presented the weed resolution agreed upon at the last meeting. There being no protests the resolution was adopted. If the lots upon which notices had been put up had not been cleared the superintendent of streets is to proceed to burn the grass and weeds and that the cost of the same is to be levied upon the property. Chief Love declared that he had placed the notices on all vacant lots and that in many instances they were torn down shortly after they had ben put up. S. J. Pembroke wanted to know if lands used for pasture should be subject to the same rule as lots. His father owned such a pasture field and he was willing to destroy the grass upon the sidewalks around it but did not think he should be compelled to burn the pasture. F. S. Becker, agent for the property, said he would attend to burning the weeds and that would settle further argument. The city attorney warned those setting out fires that the city would not be responsible for any damages.

The letter of E. M. Rankin asking that the motion to extend Florence Lane, Alice Lane and other streets be rescinded. The matter was laid over for investigation.

At the suggestion of the city attorney the sum of $20 was appropriated to secure from the assessor's office at Redwood City the names and addresses of property owners in Stanford Park. Notices of street improvements are to be sent them. The clerk was directed to get the list.

The sum of $3000 was temporarily transferred from the street improvement fund to the general fund.

The sum of $50 was appropriated to paint the parking zones in the city.

Commissioner Crane of the street department read the report of Chief Love for the month ending, June 30. Amount collected from business licenses, $44; dog licenses, $30; building permits, $14.60; motor vehicles fines, $535; other violations, $570, making a total of $1193.60. Ninety-two arrests were made.

Chief Love was given authority to enforce all ordinance to the letter, including the dog ordinance. Every owner of a canine in town will have to pay a license fee, Love insists. The council adjourned to July 22.

TO THE MEMORY OF JOHN ORTON

WHEREAS, in bowing to the divine will of Providence in taking from Menlo Parlor N. S. G. W. Brother John Orton, a loyal Native Son, we deplore the untimely death of this esteemed and beloved member.

It is hard to contemplate that one who had just reached manhood's prime while yet in love with life and raptured with the world should pass to silent and pathetic dust.

RESOLVED, that we, the members of Menlo Parlor, do hereby acknowledge the supreme sacrifice, Brother Orton made in giving his young life to his country. We are not unmindful that when the "call to arms" was made by this country in the late war, he responded promptly. After a short training at Camp Lewis, he went with his regiment across the seas and participated in many a well fought battle. He led his comrades in going "over the top" bearing his breast to the enemy. In the conflict Brother Orton was gassed, shell shocked and suffered from untold hardships The insidious gas undermined his stout frame. The inroads made by it finally caused his death.

Brother Orton died upon the altar of his country, sacrificing his life to the cause of Liberty and we regard him as a martyr to that great cause.

On the scroll of honor of Menlo Parlor, N. S. G. W., there is and never will be a brighter name than that of John Orton, whose memory will ever be enshrined in the heart of the members of this Parlor.

Committee

You Must Register Before July 26, If You Would Vote

The register closes on July 26. Those wishing to vote for James Rolph for governor on August 26 should register at once. Delays are dangerous. There are several registrars in town who will be pleased to take your name. Register today and have a say in the primary election of August 26.

Senator Tallant Tubbs Visits Menlo Park

Senator Tallant Tubbs, candidate for Lieutenant Governor, was in town yesterday calling on friends. Mr. Tubbs spent his boyhood at the Tallant estate at Atherton and is well known and well liked here. His vote in this vicinity wil be large.

Frank Brady To Wed Miss Marie Haurat July 19

Frank Brady, son of Mrs. Charles Brady, formerly of Menlo Park, will be united in marriage at Mount Carmel church, Redwood City on July 19, to Miss Marie Haurat, the pretty and charming secretary of Sequoia Union High School. Mr. Brady is an insurance man, representing the Fireman's Fund Insurance Company of San Francisco at Portland, Oregon. The young couple wil reside in the northern city.

CatholicPastors' Annual Retreat At St. Patrick's Seminary

The pastors of the catholic diocese of San Francisco began their annual retreat at St. Patrick's Seminary last Monday. The assistant pastors will start their retreat next Monday. Many former priests of the Church of the Nativity are attending.

Postmaster Seeking Bids For Carrying Mail

Jack Tutle is going to resume his studies at Stanford next semester, consequently there will be a vacancy in the position of carrying the mail from the depot to the postoffice. Postmaster Larrecou is seeking bids for the position. He has blanks ready for prospective bidders for the job. Applications must be in by July 16. Pay is monthly and no contract or bond is required.

Officer Pleased by Citizen's Recognition

For courtesy and diligence in discharging his duty, Officer Clarence L. Dyer of Menlo Park received a nice Fourth of July present from a wealthy citizen. "It makes a fellow feel good to receive recognition like that," Dyer says.

Dr. Redmond Cochrane To Wed In England

Dr. Redmond Cochrane arrived in London yesterday. He is to meet and marry Miss Margaret Smith of Palo Alto within a few days. The young lady is a prominent resident of the college town, where the romance of the young people began some time ago. She left last spring for a trip around the world and by agreement was to meet the popular dentist in London and there be united in marriage. From there the remainder of the tour will be completed. The young couple are to reside in Palo Alto. The doctor was with General Pershing in France during the war. He will revisit the scenes of the conflict and view again the battlefields.

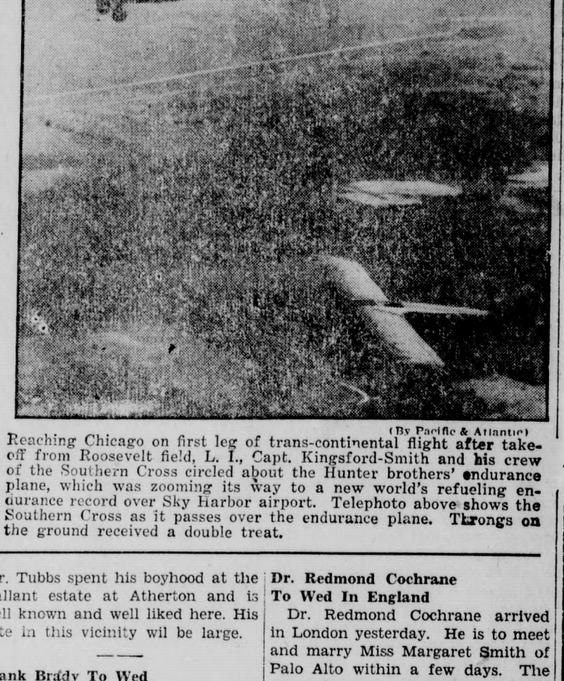
Increasing Business Necessitates Additional Help in Post Office

The postoffice departmente has called for an examination for an extra clerk in the Menlo Park department. The increasing business of the office has necessitated the employment of more assistance. Many will take the examination.

Flood Estate Acquires Additional Acreage Adjoining

Recently the Flood Estate acquired the forty acres of land adjoining the Flood property and lying betwen the Marsh Road and the Bay Road belonging to Mrs. Anastiasia Sweeny Pescia. Behind the purchase lies an interesting story dating back to the days of the Comstock excitement. Myles D. Sweeny, for many years president of the Hibernia Bank in San Francisco, came to the county in the sixties, purchasing a large tract of land including the forty acres which was separated by the two roads. When the stream of gold came pouring down from the Comstock, J. C. Flood, one of the Bananza Kings, purchased a big holding surrounding the forty acres. A million dollar residence was erected on the property. Flood wanted the forty acres to straighten out his property lines. He offered Sweeny a fabulous sum for the land, but Sweeny was rich and stubborn and steadfastly refused to part with the holding. Overtures were made subsequently to be met with refusal. Even after the death of the banker offers were made to the heirs for the strip of land, but without success. After the passing of two generations the desire of the elder Flood to straighten out the lines of his vast holdings has been accomplished. Truly time performs wonders.

World Fliers Circle Endurance Plane



(By Pacific & Atlantic)

Reaching Chicago on first leg of trans-continental flight after takeoff from Roosevelt field, L. I., Capt. Kingsford-Smith and his crew of the Southern Cross circled about the Hunter brothers' endurance plane, which was zooming its way to a new world's refueling endurance record over Sky Harbor airport. Telephoto above shows the Southern Cross as it passes over the endurance plane. Throngs on the ground received a double treat.

Dairy Conference Meets at Capital

Milk Industry Improvemente Stressed as Need in Talk of Chief

By J. F. McLAUGHLIN
(United Press Staff Correspondent)

SACRAMENTO, July 10— (UP)—Members of the annual California State Milk-Control Conference, meeting here, were told of the work of the federal bureau of dairy industry in an address given by O. E. Reed, chief of that bureau.

One of the most outstanding problems facing the dairy industary is determination of the actual economic value of the producting unit of the industry, Reed declared.

"The average per cow-production of the dairy cows of the United States is very low, too low for profit, either under present economic conditions or under any normal economic conditions which conceivably may exist in the future," the bureau chief said.

"Not until the industry knows definitely which of its cows are profitable and which are not, will it be able to intelligently free itself from those uneconomic charges which either must be levied upon the consumer or be absorbed as a loss by the dairymen themselves .

"Sound economics demands that the industry maintain only those producing units which produce efficiently and economically, and the consumer has the right to expect that the producing phase of the industry will increase its efficiency."

Reed outlined the work now being done by his bureau in improving the industry. The bureau is fundamentally a research organization, he said, although it is engaged in some service work particularly in the manufacturing phases.

The research work has to do principally with the breeding feeding and management of dairy cattle; manufacturing of dairy products and the economic utilization of milk by-products increasing percow production efficiently; and improving the general level of quality of the products which the industry puts upon the market.

Improvement of ice cream and processes of concentrating milk occupy much of the bureau's attention, according to Reed. Economies in manufacture and the physical and chemical laws involved in getting texture and flavor in icecream are especially interesting to the bureau. Sweetened condensed milk, sterilized evaporated milk and dried milk are all being investigated by the bureau.

San Mateo county is being represented at the State Milk Control Conference by John J. Garland, milk inspector of this county. Garland left here for Sacramento on Wednesday, and will make a trip east following the conference.

Ed Greeley Heads Young Men's Club

New Officers Installed By Yomecan Club Here Wednesday

The Yomecan Club installed its new officers at their regular meeting which was held at the Sequoia Hotel Wednesday evening Past-President Edwin Brooks turned over the gavel to the incoming president, Ed Greeley, with a very fitting speech in which he voiced his appreciation of the backing of the club and urged every member to get behind the new officers. Ed Greeley then introduced the other officers: Norbert Lambert, Vice-president; Ed Holmquist, secretary; Frank Deluchi, treasurer; and Elvin A. Gulielmoni and Adam Patterson, directors.

President Ed Greeley outlined a program for the coming six months. Plans for enlarging the membership of the club and a higher standard of attendance were presented.

Among the events scheduled were the Second Annual Watermelon Feed for the underprivileged boys to be held this month and the Club Birthday Party which is being planned for September.

The club will aid the Exchange Club in the Water Carnival next Tuesday evening, acting in the capacity of ushers, taking of tickets, etc.

When young people play hard...

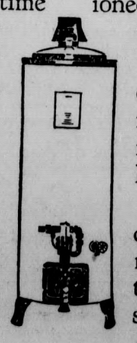
hot water—*instantly*, is a blessing!

Saves 4 to 6 hours each week

Happy days for the young people mean additional cares for mothers.

But plenty of hot water at the turn of the faucet washes away the trouble. Throughout the year too, it saves your time—by giving you hot water without delay, by quickly dissolving dirt and grease, by making it easy to keep things sweet and fragrant.

When men stop at fine hotels they like the hot water at a turn of the faucet—for bathing and shaving. It's this same service that is brought to your home by Automatic Gas Water Heater. Because of its insulated tank and efficiency, the cost is less per gallon to heat water with an Automatic Gas Water Heater than with the old-fashioned methods of waiting for water to heat.



And once you install the excellent service, there's never any bother about having an abundant supply of hot water—day and night.

Come into our office or a dealer's store and see the modern heaters. Or just telephone and our representative will call.

CARE OF EYES WHILE MOTORING ADVISED BY GEN. PETROLEUM CO.

Important Advice for Vacationists is Issued in Bulletin of Large Oil Selling Firm

Important advice to motorists on how to protect the eyes against the glare of the sun in summer is contained in a bulletin issued by the Medical Department of the General Petroleum Corporation of California, refiners and marketers of Violet Ray and General Ethyl Gasolines. If care and tolerance are employed the eyes of the average person will accommodote themselves to the stronger light of summer, the bulletin declares. A physician should be consulted before colored glasses are used for summer driving.

"We should realize that our eyes are very sensitive, nervous organs," the bulletin reads, "and that effects produced in the eyes are reflected throughout the whole body. While it is possible to protect the eyes against one harmful agent such as the sun, by this same protection, it is possible to injure the nervous system of the whole body. The retina, the screen at the back of the eye, is a chemical film which under the effect of 'colored lenses' is made less sensitive to light, less sensitive to vision, and becomes drugged by the colored lenses.

"Nature has done a very fine job in providing us with standard equipment in the shape of eyebrows, eyelashes, and an adjustable curtain inside the eye to protect us against most of the natural light conditions. The person who suffers most from the sun is the person who spends the greater part of the day inside and whose tolerance for light is not so great as that of the person living outside.

"The first time we expose our skin to the sun's rays at the beach we get sunburned. Nature quickly provides a protectinfg pigment and we become tanned, and then can stay in the sun for hours without discomfort. Just so does the eye become adapted and it is unwise to rush into the wearing of colored glasses because we have some discomfort on the first sunny day. Give nature a little help during the first few exposures and a tolerance will be developed that will be much better than artificial protection.

"If the sunlight causes your eyes to smart and water, first make sure that there is not some other condition present which the glare is merely making obvious. Then, if you feel that you must have colored glasses, get them through a reliable eye doctor. Do not insist upon a lens that is too dark or that has a definite color. The neutral smoke or Crookes lens are uniformly better. Remember, nature only needs a little artificial help during the first few days of the exposure.

"To you who are wearing glasses, the ideal is to have a pair of outdoor lenses ground with your prescription. It is reasonably satisfactory to have a pair of neutral smoke glasses in another frame to fit over your glasses, but it is decidedly wrong to remove the prescription glasses and to expect comfort throgh the plain sun glasses only."

Hastings Brings Back Old Time Hitching Rack

HASTINGS, Neb., July 10—(UP)—Hitch racks, like long skirts, have staged a comeback in Hastings and the city council has ordered the city engineer to construct a line of old fashioned hitching posts near the busines section of the city.

The matter was called to the attention of the council by Councilman Harm, who pointed out that several persons still employ the horse and buggy to make trips from farm to town.

Since the advent of the automobile, Harm said, the hitch racks have been removed from downtown areas and have been replaced by parking signs. This has caused those who still swear by old "dobbin" to seek hitching facilities near the outskirts of the business district.

The Shorter the Better

SWEDISH MATCH TRUST

STOCKHOLM, (UP)—The Swedish Match Trust now controls or co-operates with about 160 factories in some 40 different countries, which means that approximately 90 per cent of the world match production is under the influence of the Trust.

NEW IRON ORE FIELDS

LUND, Sweden, (UP)—New iron-ore fields with an iron content of about 40 per cent have been discovered by Professor Hadding, of this city, in the vicinity of Ystad, in the province of Scania.

MATCH PRODUCTION UP

JOENKOEPING, Sweden, (UP)—Swedish match production during the past year amounted to 51,600 tons against 48,731 tons during the previous year.

NORWEGIAN INDEBTEDNESS

OSLO, Norway, (UP) — Foreign indebtedness of Norwegian industrial and similar enterprises in the past year amounted to approximately 2,120 million kronor, about 15 per cent of the total capital invested in these enterprises.

FINNISH SHIPPING

HELSINGFORS, Finland, (UP)—Seven thousand two hundred and twenty eight ships arrived and 7,310 left the Finnish ports during the past year, comprising 624,662 and 4,672,308 registered tons, respectively.

GOOD DAY'S WORK

LOGAN, Utah, (UP)—The state pays a bounty of $6 per pelt for coyotes. Oliver Hansen, Hyrum sheepherder, had a good day when he uncovered a nest of 10 coyote puppies.

LATVIAN COMPANIES

RIGA, Latvia, (UP)—At the beginning of the current year, there were, according to recent statistics, 472 share-holding and commercial companies in Latvia, their total capital being 206.56 million lats.

SWEDISH INDUSTRY

STOCKHOLM, (UP) —Industrial production in Sweden has increased in most fields during the past year, according to preliminary statistics published by the Board of Trade, the increase being up to fifty per cent and more in a few branches.

DANISH FLEET GROWS

COPENHAGEN, (UP)—The Danish commercial fleet increased by 30 ships totalling 48,595 tons during the past year, the Swedish commercial fleet by 65 ships of 118,811 tons, while Norway could boast an increase of 169 ships with 395,565 tons.

NEW PHONE LINES

GOETEBORG, Sweden, (UP) — Telephone communication has been opened between Sweden and Australia, all Swedish stations being connected with the new line, while calls on the Australian continent can only be put through from Melbourne and Sydney

CHINESE TAKE TO TOBACCO IN BIG NUMBERS

Missionaries Attacked But Cigarette Salesmen Go Unmolested

PEIPING, July 10— (UP) —With trade in many lines paralyzed by civil wars and the drop in silver exchange, it has been emphatically demonstrated that the Chinese are universally becoming confirmed tobacco smokers, along with a large part of the rest of the world.

During the latest month for which figures are now available, the largest foreign tobacco company in China reports that sales reached the highest figure in history. The Chinese prefer to have tobacco, even if they must cut down on "necessaries."

Coolies who exist on 20 cents gold a day, and support a family on this amount, manage to buy occasional cigarettes. The tobacco companies manufacture cigarettes to suit the humblest purse in China, and Chinese merchants will sell single cigarettes.

If every Chinese coolie can manage to buy one cigarette a day, the total in this vast population becomes very large. Chinese women, too, are fond of smoking, and contribute a healthy quota to the total consumption.

Cigarettes have become universal in China within a generation or two. Foreign tobacco companies send their men into the remotest interior, where only missionaries have penetrated, and these intrepid salesmen find an increasing market for their wares.

Oddly enough, Chinese bandits display a fondness for kidnapping missionaries, but seldom bother tobacco salesmen. For bandits too, are smokers, and appreciate the men who bring them tobacco. During the past year, scores of missionaries have been killed or kidnapped, but foreign tobacco salesmen, who travel constantly in the interior, have escaped.

Letter Chases Globe Trotter Three Years

PORTERVILLE, Cal., July 10 — (UP)—Friends here were waiting to hear if A. J. Newbury received in Los Angeles a letter forwarded to him. The letter was mailed to him three years ago, addressed to Egypt, where he had gone while on a world tour.

The letter failed to catch up with him in Egypt and was successful forwarded to new addresses in different parts of the world, finally returning here. It arrived in Porterville shortly after Newbury went to Los Angeles to establish his home there.

For the following reasons, we, the Undertakers of San Mateo County, are of the firm belief that an Undertaker should not hold the position of Coroner in any County:

(1) California has 46 Coroners who are Undertakers and it is a well-known and established fact that every one of these Coroners who are Undertakers, monopolize practically all the business coming out of their respective Coroners' Offices.

(2) With two possible exceptions, Dr. J. C. McGovern, is the only Coroner in the State of California who has had **courage** and **fairness** to distribute equally among every Undertaker, (including the candidate who is opposing him) all business arising in their respective districts.

(3) DR. J. C. McGOVERN, (WITH ONE EXCEPTION) IS THE ONLY CORONER IN THE STATE OF CALIFORNIA, WHO HAS DEPUTIZED EVERY UNDERTAKER IN THE COUNTY, INCLUDING THE CANDIDATE WHO IS OPPOSING HIM, THEREBY MAKING THEM A PART OF THE CORONER'S OFFICE.

(4) Due to the equal distribution of the Deputy Coroners in San Mateo County, any emergency that may arise, day or night, in their respective districts, is adequately taken care of on a few moments notice.

(5) IF NO ONE UNDERTAKER HAS A MONOPOLY, RELATIVES OF THE DECEASED HAVE THEIR CHOICE OF ANY UNDERTAKER IN THE COUNTY, THEY ALL BEING DEPUTIES.

(6) Our faith in San Mateo County represents an investment of $250,000, subject to the usual taxes, which will be jeopardized if any one Undertaker is given a preference of any kind in the Coroner's office.

(7) With one exception, all the Undertakers of San Mateo County, have lived in and paid taxes to the County of San Mateo for a period ranging from ten to sixty years.

For the above set of facts, We, the Undertakers of San Mateo County, do unqualifiedly, endorse the retaining of Dr. J. C. McGovern, in office of Coroner of San Mateo County.

INCREASED LIBRARY INTEREST INDICATED

Report of Organizer Shows Growth in Use of Library Facilities by People of Redwood City; Story Hour Popular

The increasing popularity of the public library here is indicated in a report filed with the city council this week by Miss Wilhelmina Harper, the organizer. Miss Harper's report follows:

To the Honorable Board of Trustees:

Book Circulation

Within the space of the past two years, the Redwood City Public Library has doubled its book circulation and activity. During the fiscal year of 1927-1928, the circulation amounted to 30,048 volumes. The total for the year just closed is 61,341 volumes. This is an increase of 22,945 over the preceding year of 1928-1929 when the book circulation numbered 38,397 volumes.

Each month has shown a steady increase. The present year began last July with a circulation of 4,555 volumes and closed during the month of June with a circulation of 6,056 volumes. This latter figure has been the highest on record, in spite of the fact of its being a vacation month.

Book Equipment

We are continually adding new books to meet the varied and increasing reading activity of the community. A more adequate reference department is being built, as well as a more representative collection of non-fiction books. Careful attention is given to the needs of high school students; and the representative children's books of the day are being added in numbers so that we may aid the schools in developing the right reading tastes among the pupils of grammar school age.

While our records show that 12,000 books have been added to the library as our complete equipment, there are but 9,006 volumes on hand due to the withdrawal of 2,995 volumes. Half of this number represents books that have been worn out, and the half those that have been lost and missing for years.

In order to properly serve a community of this size, our book equipment which is a high figure without the services of a full-time cataloger. This is 2,000 more than for the year preceding. There were also 751 books rebound during the year. The County Library has been very helpful with its loans to supplement our own equipment.

Number of Borrowers

Since last July, when our new registration system was put into effect, a total of 2,496 persons have become library members. This averages 200 per month. One-half of the number have been new members and the other half those that have been renewed. There have been 52 cancellations, due to families leaving town. Thus our present active membership numbers 2,444. With a total annual circulation of 61,341 volumes, this shows an average of 25 books circulated to each member per year, which is an unusually high figure.

Reading Room Attendance

There were 11,635 persons who used the library reading-room during the year for newspaper and magazine reading, and for study. There were 1,581 reference questions looked up and answered both for high school students and other adult patrons. There were 685 magazines circulated during the year, and 1,977 books were mended.

Service to Schools

Our service to schools is just making a beginning, though we look forward to its expansion as our book equipment increases. There were 332 juvenile books loaned to schools during the year, and 12 visits were made to schools. One seventh grade class made two visits with teacher for instruction in the use of the libbary. With a modern and larger library building, this important part of the work could be greatly increased.

Story Hour

Throughout the year a weekly story hour has been held with average attendance of from 25 to 30 children and more, who have come regularly. No special effort has been made to give publicity to this hour due to the limited facilities for accommodating more than a small group at a time.

New Furniture

The work has been made much easier through the installation of a new and modern charging desk, new book stack, and two new tables the quarters become more congest- with chairs. As the library grows, ed and we are facing a serious problem as to how and where to house the new books we constantly need.

Staff

Our staff is limited, but the faithful co-operation shown by Miss Barton, Miss Harvie, and Miss Wood at all times makes it possible to keep the work up-to-date. We are very grateful to Miss Aimee Peters for her able assistance in starting our standard catalog and in classifying the books. This has been one of the most important parts of the work.

The library organizer wishes to express her debt for all the splendid co-operation and support on the part of the Board of Trustees to whom the entire credit is due for giving Redwood City a more adequate and useful library.

Respectfully submitted,
WILHEHIMINA HARPER,
Organizer

The library here is administered by a board of trustees consisting of Mrs. A. S. Kalenborn, president; Mrs. Mary O'Burns, secretary-treasurer; John Gill, Sanford Dole and Dr. N. C. Cummings.

Wisconsin Mounds Reveal Primitive Indian Economics

MADISON, Wis., July 10 (U.P.)—Field workers of the Wisconsin Archaelogical society who have located more than 11,600 Indian mounds since 1911 are continuing their explorations this summer.

Last year these field parties located 208 archaeological mounments and sites not previosly recorded by the society.

Many animals shaped burial grounds, or effigy mounds, created by aboriginal man exist in this state. They are said to represent the clan symbols of Indians who died on the Wisconsin happy hunting grounds and are frequently in the shape of a bird, turtle, bear, panther or other animal. Remains buried in them reveal many facts regarding history and activities of their builders.

Included in the discoveries of last season kere 75 Indian village and camp sites; 50 trails and river fords; 50 mounds, four spirit or sacred springs, four cooking or roasting pits, three native copper workings, three cemeteries, two flint workshop sites, two solitary graves, two boulder mortars, two plots of garden beds, two caches or boards of flint implements, one lead smelter, one quartz quarry, one spirit stone (shrine), one trading post site, one pictorgraph rock, one indian sugar bush, and one rock shelter.

Scientific exploration has been carried on in many of these mounds and their contents removed to state museums. A much larger number has been permanently preserved in public parks. Several are to be found on the University of Wisconsin campus.

MARRIAGE LICENSES-

Lloyd F. Salbach, 41, Hayward and Winifred W. Price, 34, San Francisco.

George Lieb, 25, a Marie Martha Lexow, 25, both of San Mateo.
